February Fun Fact

This year is leap year! That means we get one extra day at the end of February. Why do we need Leap years? Leap Years are needed to keep our calendar in alignment with the Earth's revolutions around the sun. It takes the Earth approximately 365.242199 days (a tropical year) to circle once around the Sun. However, the Gregorian calendar has only 365 days in a year, so if we didn't add a day on February 29 nearly every 4 years, we would lose almost six hours off our calendar every year. After only 100 years, our calendar would be off by approximately 24 days!

Early Bird!

As the saying goes, the early bird catches the worm. Or in this case, \$50 bucks! Each time you pay rent before the first, you will be automatically entered into a drawing to have \$50 deducted from your next rent payment.

Pet Profile

Meet Bubba—Faire Harbour Landing's February pet-of-the-month! Some of you might recognize this lovable pooch, as he's somewhat of a local celebrity in our community. Not only is Bubba an adorable pup, but he has a personality to match! He enjoys going for daily walks, snuggling with his owners and is a connoisseur of squeak toys.

Thank You!

Thank you to all of our generous residents who donated to the 3rd Annual Pet Drive. Living in a pet-friendly community, we know that you love our furry friends as much as we do! The CT Humane Society is also thankful for your generous contributions!
